Dear Kelson Aires,

We are happy to inform you that your paper 74 - Locating Facial Landmarks Towards Plastic Surgery has been accepted to Sibgrapi 2015. We received a considerable number of submissions, and were able to accept only about 44% of them. All accepted papers will have an oral presentation at the conference. Reviews are available on CMT. Please do consider the reviewers' comments when making the final camera ready version.

We will contact you shortly with further information on preparing the final submission and copyright forms.

More information on the venue and conference registration will be posted to the website soon:
